Water Service Regulatory Authority approves tariffs for Water Service Providers in Kosovo, for the period 2022-2024

Water Service Regulatory Authority has approved tariffs for Water and wastewater for 7 Regional Water Companies (RWC) as well as for the Hydro-economic Enterprise "Ibër-Lepenci" for the period 2022 – 2024.

Tariffs for water and wastewater approved through this tariff process reflect the real cost of drinking water production, discharge and wastewater treatment. Tariffs have remained unchanged, except when there were additional costs, due to the commissioning of drinking water treatment plants, wastewater treatment plants or in increase in the cost of bulk water.

Approved tariffs for RWCs are given as follows:
